

Prophetic Words for 2010

2010 will be the year the Lord intervenes with us more intensely than any other time in our lives. Each one must be in right alignment so that when He breaks-in on us we are able to receive and respond favorably to His Divine interruption.

The Lord is saying that believers will be a target of deception in 2010. One thing you must remember, revelation comes from the Lord and our close abiding relationship with Him. The importance to pursue the Lord should supersede our desire to gain revelation because deception lurks throughout our quest for more understanding as we feed our personal desires. When our need to know is more important than our love for God, deception flourishes. I admonish you to press ardently into your relationship with the Heavenly Father and allow revelation to be the result of interaction rather than seeking revelation to substantiate your relationship with Him!

GLOBAL (Apostle Vance Russell)

- A group of remnant leaders of My Church will make a Kingdom difference in England. There will be an assemblage of mature, anointed eagles that will set, through the leading of My Spirit, a powerful spiritual trend in the heavenly realm for this country. Watch for many signs and wonders this year and prepare for a convergence of My presence. It's important to realize that nothing significant happens in the natural realm without first occurring in the Spirit realm. Eagles, you will set in order My Kingdom principles to be realized throughout England. Don't faint in well doing for the reward will come in due season!
- While the mystery of Islam is sweeping the nations of the world, I will continue to reveal Myself to multitudes of Muslims leading them from darkness into the Gospel light. Insight of who I am is advancing through Muslim nations challenging the deception of their religion. They are seeing Islam for what it is - a religion that promotes spiritual death as well as complete and utter dominance. Because of the increase of Islam in many nations leaders will continue to create policies to stop its influence and by doing so will also stop the very thing that will bring life into their nations, Christianity. However, there will be an adjustment that will open the way for Christianity to flourish!
- Severe upheaval will continue to advance against Israel. Even the United States will appear to be standing against her. This will happen because of a military strike that Israel will accomplish in 2010. Even as scripture conveys there will be an alliance of nations against Israel and sabers will rattle, but God will intervene!

- There will continue to be a segregation of nations during 2010. Many Muslim countries will identify radical Islamist groups in their land and they will either destroy or partner with them. Jihadists promoting radical Islam and Christians will experience a head-on collision as terrorism escalates this year. Christians worldwide will awaken to do spiritual warfare against this anti-Christ spirit!
- There will be a redefinition of terrorist labels in Washington D.C. and a reversal of opinion will occur. Jihadists who are considered to be mere “criminal” will have the new identification of “war time criminals.” Our Executive and Legislative branches of government will lay aside their political correctness and begin to position themselves against the onslaught of the evil perpetrated by these embittered groups. This change of opinion will transpire because of increased terrorism in our country! America’s reversal in policy will prove successful and a coalition of nations will gather who will assist in overcoming the onslaught of aggressive behavior by radical Muslim groups in Yemen, Iran, and Pakistan, as well as others. Body of Christ, the Lord says, pray intently! Islam is advancing at an incredible pace; we must arise and stand strong against its progress lest this spirit overtake America!
- A powerful battle is being strategized in the heavenly realm. It will be important that Christians (Christ-ians) around the world prepare themselves for this end-time engagement. Be careful that you wisely choose which side you will stand as the ambiguity of the anti-Christ (the son of perdition) is removed and his presence will be more obvious. As this evil is revealed, deception will increase because many have weak or ungodly foundations, and deceit will take its toll on the nations of the world. I, the Lord, must be central to your thoughts and spiritual activity as it pertains to eternal destiny. I am (Jesus) the way, the truth, the life and the gate to eternal entry into Heaven.
- An increased call for a “New World Order” is at a high level. There will be a cry for religious syncretism or monism, which is the blending of all religions and belief systems into one. The slogan “co-exist” will gain great strength and acceptance; it will be from this system that humanists will arise to persecute those who promote Jesus as the central foundation of their message. This persecution will escalate beyond accusation to extreme verbal abuse and will radiate out. At the foundation of this false religion is enthroned Humanism and Satanism, many will be deceived by its cunning ways and it will be the foundation on which the anti-Christ will take center stage. Watch Belgium, for detrimental issues are being set in motion to create an infrastructure for end-time spiritual decay! Keep your eyes fixed on Me beloved, for I will cover and protect you. I will guide you through the seemingly perilous minefield that is set before you, you’re under My wings says the Lord of Hosts!
- A powerful awakening is upon the sheep nations of the world as the Lord begins an end-time move of His Spirit. A wave of lost souls coming to Christ will begin to affect churches positively around the world as a great inflow of people will occur. The Lord says, “...Where sin increased, grace increased all the more” (Romans 5:20 NIV)!

GLOBAL (Apostle Debbie Russell)

- Revival will sweep the island of Jamaica. This spiritual awakening will expose the unrighteous motives of men and women who claim to know Jesus but do not. Unscrupulous and scandalous behavior will be exposed beginning with the pulpit and ending with the government. It's as if everything is being thrown up in the air and nothing can or will go back to its original position. God is answering the prayers of faithful believers who have cried out for righteousness to abide in their land. Many conversions will occur and those who have lost their way will find the Lord once again. This year the Caribbean islands will be under siege by the Holy Spirit. Surely they will glorify the Lord and proclaim His praise in the islands.
- In the coming year we will see the Jewish people arise en masse to defend their God given land. Threats and taunts will come from one country after another as nations pressure Israel to divide its territory. However, although war appears imminent the Lord will uphold His people and protect them from their enemies. During this season of prolonged upheaval and heightened fear, many will receive a revelation of the Messiah and will seek Jesus as their Savior.
- Iran is on a collision course with Israel and their God. The president will continue to build up the country's military arsenal with the support of several nations. Ahmadinejad may be the mouth piece for Iran but there are others behind him who as of yet have not been revealed. Contrary to belief he is not in charge when it pertains to Iran's nuclear ambitions. The dictatorship of the mullah's has suppressed the population and continued escalated civil unrest in this region will occur. In 2010 Iran will experience an internal and external conflict.
- Throughout the Middle East there will be a great divide among radical Islamist and Muslims. In the coming days, many will make a choice between terrorism and peace. The United States government will be accused of inflammatory remarks that will cause a breach in relationship with Arab leaders. Tension and emotions will run high throughout the year as words and actions are carefully weighed by the parties involved. Our relationship with the Arab nations will become more estranged as they refuse to deal with radical men and women of the Muslim faith.
- Russia will continue to emerge as a strong nation as she rebuilds her economy and defense system. Once again she will be a threat to surrounding nations as Prime Minister Putin resurrects the old regime and regains Russia's standing in the world.
- There will be increased terror attacks throughout the world that will strike fear in the hearts of men. The enemy desires to paralyze the American people with dread and fear so we will stop enjoying our God given rights and freedom. We must arise with our strongest faith and trust in the Lord so that we do not shrink back and be defeated by the enemy.

AMERICA (Apostle Vance Russell)

- The Church of America must arise and hear the voice of the Lord to alter her course. For where the United States was great because of her compassion to give and in times past, willingness to follow the lead of the Lord, many in this country are searching for My Kingdom in all of the wrong places. The Lord is not pleased with the direction of America, the path she is taking will open the way for catastrophe's of unimaginable proportions. It will be incumbent upon intercessors nationwide to arise and pray for this country to awaken from her slumber and accept Biblical truth as her foundation. Pulpits must become spiritually vigilant again as they herald the Gospel message and not a diluted version of it. Repentance for man's desire to promote himself over Me is vitally important during this season. Many leaders in the Body of Christ have grossly misrepresented Me, as a result I will remove many candlesticks from My altar this year and replace them with those who are sensitive and passionate to execute My instructions!

Moreover, accomplishing political issues in America has been relegated to policy and in many instances the affairs of this country are performed by rote. Pray for those who improperly represent you in government and petition Me for godly representation. Know this, those who are in office today are there because we chose to elect them. Ask Me for direction and I will give it, says the Lord!

- America's sense of security has been reinforced by an up turn in the financial market. This false peace will prove to be feeble as it takes a downward spiral abruptly this year. It's important for every Christian to prepare "now" for that breakdown. The Lord is prompting His people to be debt free and to prepare for a greater level of financial calamity for this and future years! I hear during this season we must invest in the Church and resist hoarding or storing up for our own personal gain (Haggai 1:1-11).
- As My Church arises and stands for righteousness, outrage from the lost and the spiritually deceived will come against you. In the days ahead, there will be a distinct separation of righteous from the unrighteous.
- My Church is standing at the fork in the road, will you choose the religious or will you choose My Kingdom? Either way you'll feel pressure, says the Lord. In the midst of this important change be on guard for legislation is being written to cause those who are standing for Christ to be sequestered. Out of this confinement the underground Church will be birthed in America.

AMERICA (Apostle Debbie Russell)

- This new decade brings a reshaping of America and the world. It can be positive or negative. It will depend upon our passion or passivity in prayer. I declare that the enemy cannot take our nation in his direction but our collective fervent prayer will shift the nation back to God, and we will experience a sudden turnaround in every segment of our country.
- Great shaking is occurring in the heavenly realms as God's Kingdom descends upon the earth. This spiritual activity will manifest with natural signs. Unusual weather patterns will continue to occur and the atmosphere will be electrically charged. There will be

increased signs in the cosmos that will cause awe and wonder. These occurrences are a physical manifestation of a spiritual cause.

- Our government and its leaders will continue to form alliances with those who cannot be trusted. Great darkness has covered those in authority. They are unable to see clearly because their vision is obstructed. These men and women are only viewing shadows and shapes of what is real. Without divine intervention our government will make decisions without clear vision. Upheaval in the political realm due to confusion will be at its optimum level. We must intercede for our president and his administration. Lord, we declare you are raising a righteous remnant in the White House and throughout Washington who will stand in the gap with intercessory prayer until the confusion is lifted from our leaders. I declare that your light will shine so the darkness will be shattered.
- The media will be relentless in their pursuit to persecute Christians and demonize our beliefs. Those men and women of the media are being manipulated by the enemy to help erase God from our culture. Churches will be under greater scrutiny in the coming days and will be infiltrated by those who wish to cause its demise. Many believers will not be silenced in 2010 and there will be arrests and detainment for those who speak out on behalf of the Lord.
- The economy will continue to fluctuate even as the stock market rises and falls. An event will once again cause a ripple effect throughout the world that will threaten the global economy. Remember do not put your trust in the world's economy but God's. If you trust the wrong system, you will be greatly disappointed.
- America will be on the brink of conflict with yet another Muslim nation as terrorists begin to arise from the region. Many attacks will occur globally throughout the year and if these assaults are unanswered, it will fuel the radical Islamist cause for years to come. Tolerance will result in more frequent and aggressive behavior from those who hate our country. In the days ahead, people will finally understand that we are indeed fighting a religious war.
- Scandals will continue to plague our government officials causing us to become a laughingstock throughout the world and greatly damaging our reputation. I saw documents that will surface in the months to come that will undermine the highest office in our nation. It will cause even greater disillusionment and distrust of elected officials. Our leaders have forsaken God to depend upon their own wisdom. Do not despair. It is God's plan to reveal immoral behavior and corruption for His purpose. We need to pray that whatever evil is hidden in the government of the United States is exposed and rooted out.

TEXAS (Apostle Vance Russell)

- The favor upon Texas has occurred because intercessors have prayed consistently over her. A spiritual fire will continue to burn in the hearts of intercessors around this state as additional prayer warriors will heed the call to intercede for our city and state governments.

- An immigration solution will come to the forefront of Texas. The porous borders have been violated by unscrupulous saboteurs purposed to cause harm to America through drug cartels, divisionary tactics and outright terrorist plots. As the Capitol of Texas comes into agreement about immigration and laws are passed, the adoption of immigration legislation will be at the forefront of reform. Texas will exemplify its pro-activity concerning the responsibility of our state in regard to this uproar. The Lone Star State will enjoy favor from America for its actions of strength and compassion about this incredibly sensitive issue. As a result, Texas will continue to be a state set on a hill, for this year the Lone Star State will be a lighthouse of hope that shines for all to see. For surely the eyes of the nation will be upon Texas as Biblical standards will arise creating a hub of spiritual activity that will be quite obvious, says the Lord.
- Governor Perry will continue to enjoy the support of the people because of his great heart for Me, says the Lord. He will continue to open his heart to Me and to those I will bring to him and a great transformation will begin to occur in this state. The change will be so bright that it will cause other governors to desire to understand what has been established. The result will be a grassroots effort to encourage the foundations that Governor Perry has set in motion to occur in their states. Remember Texas, the favor and blessings that have been bestowed upon this state is due to your willingness to make Me central in your lives, it's not because of what you have accomplished, says the Lord!

TEXAS (Apostle Debbie Russell)

- Texas will continue to prosper even as other states strive to balance their budgets and cope with thousands who are jobless. Our successful economy is due to the authority of the apostles, prophets and intercessors that are praying tirelessly over this area. Texas will flourish in the midst of suffering and uncertainty. I saw a vision of God breaking with a hammer those states that have strayed from Him. The Lord is dealing with particular states who have adopted laws that do not align with His Word. He is bringing low those who have reveled in pride and arrogance.
- The State of Texas is a beacon of light to those who are wandering in darkness. Many will come from all areas of the country seeking employment and stability. They will find much more than a job; they will encounter the peace of the Holy Spirit that is welcomed in our state. We will be known as the oasis in the desert.
- The governance of our state is important to God. From the least to the greatest public servant, we must pray that God fearing and principled candidates hear the clarion call of the Lord and align to fulfill their destined position to rule and reign with Him over Texas.
- God is transacting with Texas, and we must answer. The mature, wise and accurate apostles and prophets who have been given spiritual authority over the state will hear the sound of His voice and respond. After much counsel and prayer, they will offer instructions to the body of Christ that we are to follow so that a new thing may be

released in our midst. It is important that we hear the voice of the Lord no matter the vessel that delivers it. This will be a challenge to those who struggle with trust. Let this situation make you a victor and not a victim of the enemy.

THE CITY OF SAN ANTONIO (Apostle Vance Russell)

- A sweeping presence of the Lord is coming to San Antonio. The Lord says I will do a quick work regarding the ruling principalities that reign over the hearts of the people of this city, and I will raise intercessors in 2010 that will surely respond to My directives to drive out the religious and deceptive attitudes that exist. For the prophetic words that have been spoken over this city are coming to pass at an increased level. Even as I have spoken through My prophets that I will make this city a spiritual and financial hub watch as I begin the process of bringing these words to pass this year, says the Lord.
- There will continue to be a shift in the watchmen that have lost their way in this city. Look for new Spirit-led men and women to arise to assume spiritual responsibility at the gates.
- San Antonio will continue to experience favor in regard to financial issues that have decimated other cities. Because you have cried out to Me I am settling upon you with great favor. As you continue to press into Me, I will bring spiritual, physical and financial favor over you!
- I have begun the process of dealing with the criminal element in this city. As the city opens its heart to Me, says the Lord, crime will diminish and San Antonio will be called upon to share, with other cities in America, its success story. Be sure you declare that when I was accepted into your city, peace came! Use caution that you elect righteous men and women to city government. Pray and ask Me and I will move heaven and earth to answer your pleas, says the Lord!

THE CITY OF SAN ANTONIO (Apostle Debbie Russell)

- Over the last several years, God has dealt severely with those he has appointed as spiritual authorities in the city. I Peter 4:17 says, “For it is time for judgment to begin with the family of God; and if it begins with us what will the outcome be for those who do not obey the gospel of God?” In 2010 the Lord will judge the hearts and motives of apostles, prophets, pastors, teachers and evangelists and everything in between to root out any concealed sin. Consecrated sons and daughters of the King will replace those who have used their platforms to promote their agendas and the religious spirit. There will be one scandal after another as God reveals the heart of those who have chosen to serve their purpose and not His. Resist placing your eyes upon man but rather look to God.
- As the Lord did in 2009, He will continue to expose deeper levels of corruption in the government of San Antonio. There will be a large turnover in those who hold offices.

God is shifting power from those who do not know Him to those who do. Many have prayed for a righteous city and the Lord is doing a work to clean up those who have evil intent.

- A spiritual tsunami will flood San Antonio and everything will be submerged in the waters of the Holy Spirit. Signs and wonders will break out and many will come to know the Lord. An unquenchable desire to know the ways of the Lord will intensify and people will begin to fill the seats of churches. God will use the surge of His presence to be the catalyst for men and women to shift into a new level of His anointing. San Antonio should expect greater things this year than ever before.

THE CITY OF AUSTIN (Apostle Vance Russell)

- The Lord is redefining the liberal position of this city and county. A reversal will occur and Travis County, along with Austin, will begin to embrace a more conservative approach to civic affairs.
- As the spiritual leaders emerge to play a greater role of authority over Austin, crime will begin to diminish. There will continue to be many shifts regarding those that the Lord has gifted with spiritual authority to oversee the city. Look for continued changes regarding watchmen at the gates in 2010, for it will be a season of great change regarding spiritual leaders in high places, says the Lord!
- Austin will continue to lead the way as a city that is unaffected by the financial shift that is happening in America. A tax relief program assembled in mayoral and council member meetings will facilitate many large businesses to either move their headquarters or create a satellite business in the Austin and Travis county areas. This will cause a decline in unemployment in our city and the surrounding areas. Great financial improvement will be experienced.
- The Lord will continue to press His Kingdom principles upon Austin. Look for the secular spirit that has held this city captive to begin relaxing and surrendering its grasp of Austin. The Lord is releasing spiritual understanding to the people of this city who are willing to listen to Him. The city's inhabitants will forsake false religions and a great hunger for the things of God will occur. Churches that have My life in them will brim over with new believers who will passionately partner with the vision of the church and the Lord. In other words, God says, the cavalry is on the way! The Lord is jealous over Austin and will open the treasure chest of His favor to transform lives. Even as the Lord delights in bringing suddenlies upon His children, so He is coming suddenly upon this city and we will experience the fragrance of God's presence! Many will understand and accept the revelation of the gates that was written about in the book "Victory at the Gates." Believers will receive from these gates the blueprint from heaven and they will use it to destroy the enemy in their own lives creating a powerful atmosphere to set Austin ablaze, says the Lord!

THE CITY OF AUSTIN (Apostle Debbie Russell)

- Austin will continue to be a Goshen city and be spared much of the hardships of the nation. Nevertheless, just as the Israelites who lived in Goshen were required to mark their homes with the blood of the lamb, we too must bear the mark of His blood upon us. The application of His blood to our lives is the transaction needed to see the multitudes saved and delivered from their bondages in our city. Those in Egypt who did not have the blood on their doorpost wept with sorrow because of loss while those under the protective blood of Christ laughed in joy for all that they gained.
- Several years ago it was prophesied that many well known ministers would relocate to our city, and we have seen this happen. God's purpose behind the gathering of the eagles will be made known in its entirety this year. Eyes will turn to Austin as she sets the spiritual pace for the race ahead.
- Austin's spiritual climate will once again change. New watchmen will be set upon the wall and those who have been faithful spiritual leaders will be promoted to new assignments. Unknown men and women will be given spiritual authority and will arise to form a counsel to lead the city into new heavenly dimensions.
- The prayer movement will gain momentum as a revelation of spiritual warfare is received. Eyes that were blinded will miraculously open to see the demonic that is controlling downtown and there will be an increased number of prayer walks and gatherings, intercession, prophetic declarations, spiritual warfare, apostolic decrees and strategy sessions to gain insight as to the methods that should be used to counter the plans of the enemy. This spiritual work in the natural realm will affect everything supernaturally around us. We will hear reports of prayer gatherings throughout the city not only in churches, but in offices, at the capitol, in business meetings, schools, locker rooms and gyms, homes, outside venues, Congress Avenue, Sixth Street, anywhere and everywhere that God's people can assemble. The voices of His people will be lifted up to heaven in harmony as we cry out for a revival in Austin.
- More gang related activity will occur in 2010. The enemy is working in the midst of our young adults to lead them astray. Most are fatherless or do not have a family structure and the enemy would like to use their instability to cause crime to increase. East Austin will become a war zone if we do not pray and intercede. Christians will partner with the Austin Police Department to bring the violence under control and a solution will be found to help those trapped in the gangs to be set free.

In conclusion, the overall spiritual direction of 2010 will define us for years to come. You and I must say "yes" to the Lord's instructions; we must also be in right alignment for His deep levels of spiritual impartations. You can be sure what the Lord brings forth from heaven to earth this

year only happens as we are compliant with His instructions. We need to think differently about our relationship with the Lord and be ultra sensitive to His requests. Moreover, distractions will continue in 2010, hopefully you've learned how to stay focused on the Lord's plan even in the midst of the fray.

The spiritual climate of the Body of Christ will begin to transform before our eyes and emphasis will be more on the operation of the Holy Spirit rather than man's aspirations. The Saint's Movement will begin to take wings and fly in the high places of God's Kingdom and My people will surely repossess the territory that has been stolen from them.

We leave you with this; you are beautifully and dynamically fashioned according to the very image of God. His DNA courses through your spiritual being and your kingdom identity will surely become more of a reality this year! Be encouraged, you have been powerfully created for such a time as this. Of the thousands of years that the Lord could have sent you to earth, He chose this time for you. Because of your spiritual identity you must know while the enemy is prowling about trying to deceive and destroy, dear ones, you will be about the Father's business. Our partnership with the Holy One will surely set a trend for the spiritual awakening throughout the nations of the world. So be of good cheer beloved, for you will fulfill Revelation 11:15b, "The kingdom of the world has become the kingdom of our Lord and of his Christ, and he will reign forever and ever!"
